Touristic information Athens

Athens is the historical capital of Europe, with a long history, dating from the first settlement in the Neolithic age. In the 5th Century BC (the "Golden Age of Pericles") – the culmination of Athens' long, fascinating history – the city's values and civilization acquired a universal significance. Over the years, a multitude of conquerors occupied Athens, and erected unique, splendid monuments - a rare historical palimpsest. In 1834, it became the capital of the modern Greek state and in two centuries since it has become an attractive modern metropolis with unrivalled charm.

The Acropolis: The Acropolis is the most important ancient site in the Western world. Crowned by the Parthenon, it stands sentinel over Athens, visible from almost everywhere within the city. Its monuments and sanctuaries of Pentelic marble gleam white in the midday sun and gradually take on a honey hue as the sun sinks, while at night they stand brilliantly illuminated above the city. A glimpse of this magnificent sight cannot fail to exalt your spirit.

The Acropolis Museum: This dazzling modernist museum at the foot of the Acropolis' southern slope showcases its surviving treasures still in Greek possession. While the collection covers the Archaic and Roman periods, the emphasis is on the Acropolis of the 5th century BC, considered the apotheosis of Greece's artistic achievement. The museum cleverly reveals layers of history, floating over ruins with the Acropolis visible above, showing the masterpieces in context. The surprisingly good-value restaurant has superb views; there's also a fine museum shop.

Olympic Stadium/Panathenaic Stadium:

The Panathenaic Stadium is a classical cultural and touristic monument of Greece and one of the most significant monuments not only for Athens, but for the whole Greece. It is one of our city's most popular touristic attractions and one of Athens' landmarks. Its rich history is directly connected to the Modern Olympic Games as from their revival in 1896 until the Athens Olympic Games in 2004. It is also the place from where the Olympic flame sets up its journey to the cities of the Olympic Games, both Winter, Summer and Youth.

Olympeion: Temple of Olympian Zeus: Dedicated to Zeus, the Olympeion was the largest temple in ancient Greece. Though the Parthenon is better preserved, the Temple of Olympian Zeus was an even more monumental structure in its day. The temple dates to the sixth century BC but was not completed until the second century AD by the Emperor Hadrian. It's easy to imagine the grand impression this temple made in its complete form. More than a hundred enormous marble columns once supported the grandiose sanctuary. Only 15 columns remain standing, and another surviving column lies on the ground, but the ruins' monumental presence gives a sense of the massive size of the original building. The gigantic structure was a befitting shrine to Zeus, the ancient Greeks' most all-powerful God, known as the King of Gods. Nearby, just north of the Olympeion, is a small park containing the ruins of Themistokles' wall and the ancient Roman baths.

Touristic information Thessaloniki

Thessaloniki is a Greek port city on the Thermaic Gulf of the Aegean Sea. Evidence of Roman, Byzantine and Ottoman history remains, especially around Ano Poli, the upper town. The ruins of Roman Emperor Galerius' 4th-century palace include the Rotunda that has been both a church and a mosque. Much of the city center was destroyed in the Great Fire of 1917. The rebuilt 20th-century city has a modern European layout.

Church of Saint Demetrius: The Church of Saint Demetrius, or Hagios Demetrios is the main sanctuary dedicated to Saint Demetrius, the patron saint of Thessaloniki (in Central Macedonia, Greece), dating from a time when it was the second largest city of the Byzantine Empire.

Ladadika District: Ladadika is the name of a historic district and a landmark area of the city of Thessaloniki, Greece. It locates near the Port of Thessaloniki and for centuries was one of the most important marketplaces of the city. Its name came about from the many olive oil shops of the area.

Archaeological Museum of Thessaloniki: The Archaeological Museum of Thessaloniki is a museum in Thessaloniki, Central Macedonia, Greece. It holds and interprets artifacts from the Prehistoric, Archaic, Classical, Hellenistic and Roman periods, mostly from the city of Thessaloniki but also from the region of Macedonia in general.

White Tower of Thessaloniki: The White Tower of Thessaloniki is a monument and museum on the waterfront of the city of Thessaloniki, capital of the region of Macedonia in northern Greece.
