Important Information about Payments:

1. We accept check payments and credit cards. **(Please note that there will be a service fee of 3% for credit card payments).** Make sure that you mail your check early enough so we can process it on the dates mentioned above. Also please put your team's name (as mentioned in the header of this document) to avoid any misunderstandings, since we have multiple teams traveling. If you prefer to pay using a credit card, please email Daniel at daniel@premierinternationaltours.com
We do charge and can only accept payments as per above mentioned payment schedule.
2. All payments must be received by the due date outlined above. Any late payments will be subject to a \$25.00 late fee per person as follows:
If we have not received any payment by the due date a \$25.00 late fee per week will be added to your balance starting 2 weeks after the payment due date.
3. Due to cancellation conditions and deadlines of the various suppliers, we reserve the right to cancel any participant from the tour due to insufficient payments as per the Payment Schedule. Any traveler that is 4 weeks behind on his payment will be cancelled from the tour – see the **General Conditions in the General Participation Agreement in the [registration form](#) for more information.**

Individual deviations/flight changes and upgrades: If any individual traveler needs a deviation (earlier flight departure than the group or later flight return than the group) this needs to be requested as soon as possible. We can't accept any deviations after **April 1st, 2025**. Every airline charges a standard deviation (change) fee of **\$150.00** per person plus a possible increase in fare on the requested deviation/changed flight. All deviation requests are subject to availability of flights. Please note that airlines allow only a maximum of 10-20% of the group to deviate (percentage depends on the specific airline) and the deviations must be done with the same airline as the group. Deviations can be made for either the return flight only or outbound flight only (depending on the specific airline) but not both. Only a select few airlines allow routing changes on deviations so routing changes are also subject to the conditions of the specific airline used for the group flights.

Because this is a group booking which has group conditions, individual requests to upgrade to business/first class may not be allowed by the airline and are subject to availability and pricing at the time of the request. We can request this on an individual basis.
